

To Rainier Boat Launch

www.columbiariversturgeonguides.com

From Portland take I-5 north to Longview exit. In Longview turn left onto Hwy 433 south and cross over the Lewis and Clark Bridge. Drive across bridge and follow the loop (East) onto Hwy 30. Take Hwy 30 to Rainier. The boat launch is located at the foot of **West Sixth Street**. West Sixth Street at Highway 30 also is the entrance to **Riverfront Park**.

Coming from the east, drive past the traffic light at Highway 30 and First Street, proceed westward to West Sixth Street and turn right. At the stop sign at A Street, turn left. The entrance to the boat launch parking area is well marked. Coming from the west, e.g., after crossing over the Lewis and Clark Bridge, drive eastward on Highway 30, past the traffic light at Rockcrest. After a brief straightaway, the highway curves right, the back to the left. Take the first left turn (Sixth Street) into the park area and on to the boat launch.

There is no fee for parking, but there is a nominal charge for using the ramp.
